

# Southampton

- Don't hold back when racing around TeamSport Eastleigh's 400-metre incredibly wide track, providing ample overtaking opportunities. The magnificent exit corner from the bridge allows speeds of up to 40mph down the Hanger straight before the Dunlop curve, a high-speed double apex corner with a tight entry and wide exit providing a test of determination and skill. Two exciting hairpins running in opposite directions are the last obstacles before its time to get back on the accelerator giving it full throttle over the flyover!!
