

## **CORPORATE MEET & BEAT DAY**

Come and spend your day with us! Our superb centres offer not only exhilarating karting but have first class meeting spaces so you really can combine work with pleasure. If there is anything that will keep your staff's focus during your meeting it will be the thought of chasing each other round in go-karts at 40mph afterwards.

Start your day with freshly brewed tea and coffee before heading to one of our functional meeting rooms to start your formal part of the day. We provide screens, projectors, notepads and pens, and most of our sites have free Wi-Fi too.

After a delicious lunch, head to the track for some fun. We have the best indoor karting centres in the country, with top of the range karts and carefully engineered and designed tracks to give all of our customers the most exhilarating and adrenaline pumping experience within 4 walls.

Approximate timings below are for a typical Corporate Meet & Beat day with TeamSport, although we'll gladly revise the timings and set up to accommodate any specific requirements you may have.
