

FOR IMMEDIATE RELEASE
December 2015

Ready, Set, Go! TeamSport, the largest go karting provider in the UK, is opening state of the art indoor karting venue on Friday 11th December only a mile from the centre of Liverpool.

TeamSport is thrilled to be bringing an old disused building back to life with a £1m Indoor Go Kart track just a mile from the City Centre, opposite Sefton Street train station and close to Liverpool One.

Race goers can expect an 850 metre professionally designed track with an awesome flyover and the capacity for up to 16 karts. Thrill seekers won't be disappointed with plenty of hairpins, banked turns and long straights to gain maximum speed of up to 40MPH. Race suits and helmets will be supplied to all karters and of course all race goers will have a full safety briefing before heading out on the track, so no experience is required.

TeamSport, pride themselves on looking after all their customers and their ability to cater for every driver's individual requirements. Regardless of whether you're finding your feet or a seasoned race pro, the TeamSport crew will be sure to help you out and make sure you have a great time, every time.

In addition to the track, visitors will enjoy high class facilities including; a track-side viewing gallery, purpose built meeting rooms for corporate customers, themed party rooms for children and "Fuel" TeamSport's gourmet track-side snack bar. With a wide range of specialist events and offers already available, whether you are after a Christmas party, a family day out or an event that's a little more tailor-made for you and your group simply call: 0808 167 6700

And the good news doesn't stop there. TeamSport has created jobs at all levels, with recruitment of local team members nearly complete. Appropriately enough, this includes some 'fast track' career opportunities for the right candidates. After training, they could progress to become anything from a track marshal to a general manager. In total there will be up to 40 jobs up for grabs at the track

Dom Gaynor, the Managing Director of TeamSport commented, *"We are really excited to be bringing the thrill of indoor karting to Liverpool City Centre. We know the revitalised Docks area already attracts both the residents of Liverpool and visitors to the city for a variety of*
