

Ready, set Go! TeamSport, Europe's largest indoor karting operator opens NEW state of the art Go Kart track in Cardiff

Opening on Friday 17th June, TeamSport's new Cardiff track is located just a few miles from the city centre off Newport Road, Cardiff. Take an early peek at the new multi-level Go Kart track that is over 500m in length and has a kart capacity of up to 16 karts.

July 2016 marks 10 years since TeamSport has been bringing the thrills of indoor karting to the residents and visitors of Cardiff. This week sees the opening of a fantastic new venue in one of the main routes in/out of the city just off Newport road, following the closure of their much loved existing venue in Curran road, due to the planned redevelopment work in that area.

After a £1million investment, TeamSport's new, state of the art, multi-level venue has a larger capacity on track. Now, not only can TeamSport Karting fans and new customers alike expect a superior karting experience they can also enjoy relaxing in the hospitality areas including the bar and spectator gallery which are all finished to an exceptionally high standard.

Due to the increase in venue size and capacity, in addition to the existing TeamSport crew who are all thrilled to be relocating to fantastic new venue, they are currently recruiting new marshals and customer service operatives to join a fun, high energy team.

Rob Watts, Area Manager, will welcome TeamSport members to officially open the track on Friday 17th June and join in the inaugural race. Guests will wear professional race suits and watch the all-important safety briefing, before taking their seats in the karts where they will reach breath-taking speeds of up to 40MPH sitting only inches above the track. We expect the TeamSport members, many of whom have been racing at TeamSport for nearly 10 years to be a mixture of excited and feel competitive at the prospect of being the first to race the new track and to top the new leader board!

From Saturday 18th June members of the public can look forward to racing this professionally designed, first class track and of course enjoying the other excellent facilities. These include; a track-side viewing gallery, purpose built party room for children and "Fuel" TeamSport's gourmet bar area serving a tasty range of delicious freshly cooked food and a full bar. With a wide range of specialist events and offers already available Cardiff's newest Go Kart track is set to continue being a firm favourite for thrill seeking stag do's, speed demon students, family days out and budding Lewis Hamiltons!

Dominic Gaynor, Managing Director of TeamSport said

"Despite initial concerns from resident, following a successful site meeting we were thrilled to see residents in full support and planning permission passed unanimously by committee. Over the past 10 years we have thoroughly enjoyed bringing the thrill of indoor karting to Cardiff and can't wait to continue to do so in a new and improved venue. Cardiff remains unique in that the friendly, fun loving people within it manage to make a large city have an intimate feel of a smaller town. TeamSport Cardiff has always attracted a wide range of customers including the corporate market, stag and hens parties, families and groups of friends all looking to have a fun time without breaking the bank. We can't wait to welcome our Members and new customers alike down to this fantastic new venue for some fast paced fun."

ENDS
