FOR IMMEDIATE RELEASE

TeamSport reopens Gosport go-karting track

TeamSport, the UK's leading company for indoor go-karting, has officially re-opened its Gosport track this week following extensive refurbishment work.

Following an investment of over £250,000 racegoers can look forward to tackling the redesigned multi-level layout of TeamSport Gosport's circuit. Packed full of challenging straights and corners the new track has been designed to allow for more overtaking opportunities, guaranteeing an action packed, adrenaline fuelled experience.

In addition to the updated track design a new fleet of 200cc petrol karts have been delivered to ensure all customers regardless of whether they are go-karting newcomers, enthusiasts or experienced professionals will get to compete to the best of their ability at speeds of up to 40mph.

The venue, open to those aged eight and up, is also accompanied by ['Fuel'](#) - the track's fully-licensed snack bar - serving up a range of rustic pizzas, baguettes and refreshing drinks, perfect for refuelling after a rapid few laps around the track.

Dom Gaynor, Managing Director of TeamSport, said: "We're very excited to announce the re-opening of our Gosport venue. We've been located at Fareham Reach, Fareham Road for over 15 years and felt it was time to give our customers a new karting experience here."

"In addition to the track changes, we've redesigned all areas including the spectator area, changing rooms and the bar so it really does feel like a brand new venue inside."

"The track is the perfect place for an action-packed family day out offering a safe, unique and great value-for-money go-karting experience. Whether you're heading down to challenge your mates to finally put a stop to all their false claims of being the best driver, or making the most of our meeting facilities by bringing your staff for an action-packed corporate go-karting event, the Gosport track will suit everyone's needs."

We look forward to welcoming you to TeamSport Gosport soon.
