

FOR IMMEDIATE RELEASE 23 OCTOBER 2018

TeamSport Indoor Karting Acquires Daytona Manchester

TeamSport Indoor Karting has successfully completed its acquisition of Daytona's Manchester circuit.

Located within the well-known Trafford Park industrial estate, and just a short drive from Manchester's city centre, Daytona is one of the city's oldest leisure attractions. Visited by residents and visitors, the site features a 450m indoor track, a licensed bar, a children's party area and meeting facilities.

TeamSport was established in 1992 and has 30 tracks across the UK. The company's success has been focused on installing multi-level karting tracks along with exceptional customer facilities and service.

Dominic Gaynor, Managing Director of TeamSport Karting said; "We're delighted to have finalised the acquisition of Daytona. Manchester is a thriving city with so much to offer people looking for a fun activity to do. Karting is a great option and appeals to so many people; families can race together, it's a great place to celebrate an occasion such as a birthday or stag do and the perfect activity for socialising or teambuilding with colleagues."

"Our range of offers such as half price mid-week karting, discounts for students and our exclusive Grid membership have proved very popular with karting fans. Our new Cadet Academy provides expert tuition for budding F1 stars, so you never know, the next Lewis Hamilton could be from Manchester."
