

NOVEMBER 2017
FOR IMMEDIATE RELEASE

It's Go, Go, Go as TeamSport Indoor Karting opens in Basildon

Basildon's busy Festival Business Park is all set to provide leisure goers with a new form of entertainment this month. TeamSport, the UK's leading indoor karting operator, opens its centre on Festival Way to the public from Saturday 25th November.

Behind the doors lies a £1.2m state of the art multi-level track together with impressive customer facilities. Thrill seekers and motor enthusiasts are treated to a professionally designed 500m circuit spread across two levels with challenging corners, jaw dropping ramps and insanely quick straights which can cater for up to 16 karters on track together.

Along with the spectacular circuit, the customer facilities have been well thought out too and cater for everyone; from meeting rooms for corporate teambuilding days to children party rooms and comfortable spectator areas. Keeping everyone refuelled is easy too as there's a snack bar offering refreshing drinks together with a range of rustic pizzas and for those celebratory drinks at the end of the racing – a fully licensed bar.

Dominic Gaynor, Managing Director of TeamSport Karting said; "Basildon already has a thriving leisure area and we're delighted to be able to bring a new form of entertainment so close to the leisure park. We look forward to welcoming residents and visitors to our new Basildon centre to experience the fun."

"Our range of race events caters for everyone from great value family karting where adults and kids can race safely together, to Team Challenge race events perfect for teambuilding days and our ever popular Open Timed Race Sessions for individuals and small groups.

"Indoor karting is growing in popularity as a hobby across all ages and to support this we run offers such as half price mid-week karting and discounts for students along with our exclusive Grid Membership. To coincide with our launch of TeamSport Basildon we are offering a special rate of £25 per person on selected events until the end of December."
