

APRIL 2018
FOR IMMEDIATE RELEASE

It's Go, Go, Go as TeamSport Indoor Karting opens in Stockton

A brand new leisure activity comes to Portrack Lane, Stockton as TeamSport Indoor Karting opens its doors to the public on Saturday 13th April.

The UK's leading operator has invested £1.2m transforming the unit previously occupied by Arco into a state of the art indoor karting venue that's all set to become a firm favourite with thrill seekers and motor enthusiasts.

Inside lies a 500m professionally designed multilevel track, with challenging corners, jaw dropping ramps and insanely quick straights for racers to master. Customer facilities include changing rooms with lockers, children party rooms, corporate meeting space and comfortable spectator areas. There's also a fully licensed snack bar offering hot and cold drinks and a range of pizzas, perfect for refueling after a few quick laps out on track and celebrating the top spot on the podium!

Dominic Gaynor, Managing Director of TeamSport Karting said; "We're delighted to be opening our latest centre along Portrack Lane, Stockton. It's a popular and thriving area of the town, and with excellent road and transport links we look forward to welcoming both the town's residents and those living nearby in the surrounding towns.

"Most people know what indoor karting is but have never given it a go for various reasons. We're sure that once someone has experienced the fun of karting with TeamSport they'll want to come back again and again. Our range of race events caters for everyone aged 8 years upwards, so whether you're a karting newbie or promising F1 superstar there's a race format perfect for you.

"As a hobby we're seeing indoor karting growing in popularity across all ages and to support this we run offers such as half price mid-week karting, discounts for students along and our popular GRID membership which has a range of benefits. To coincide with our launch of TeamSport Stockton we are offering a special rate of £25 per person on selected events until the end of April."
