FOR IMMEDIATE RELEASE

Brand New 800m Bristol go-karting track crosses the finish line

TeamSport, the UK's leading company for indoor go-karting, has officially re-opened its Bristol track this week following extensive refurbishment work.

Following an investment of over £250,000 racegoers can look forward to tackling the redesigned multi-level layout of TeamSport Bristol, which is packed full of new challenges. With longer and wider straights and a track that is 50% longer karters are guaranteed an action packed, adrenaline fuelled time out on track.

In addition to the updated track design a new fleet of 200cc petrol karts have been delivered to ensure all customers regardless of whether they are go-karting newcomers, enthusiasts or experienced professionals will get to compete to the best of their ability at speeds of up to 40MPH.

A wider track means more overtaking opportunities for speed demons and there will also be more drivers to battle against, as the adult capacity has risen from 14 to 18 karts. Spectators also have new features to look forward to with an extension to the spectator area as part of the refurbishment.

The venue, open to those aged eight and up, is also accompanied by ['Fuel'](#) - the track's fully-licensed snack bar - serving up a range of rustic pizzas, baguettes and refreshing drinks, perfect for refuelling after a rapid few laps around the track.

Dom Gaynor, Managing Director of TeamSport, said: "We're very excited to announce the re-opening of the Bristol venue and a new track for our customers to master ahead of the busy Christmas party season."

"The track is highly accessible just off the M5 and makes the perfect place for an action-packed family day offering a safe, unique and great value-for-money go-karting experience.

"Whether you're heading down to challenge your mates to finally put a stop to all their false claims of being the best driver, or making the most of our meeting facilities by bringing your staff for an action-packed corporate go-karting event, the Bristol track will suit everyone's needs.

We look forward to welcoming you to TeamSport Bristol soon.
